Projects

Eye View Tracker for Online Examination, *WebGazer Library*
- Implemented as part of **mini project**, an Exam Website Based on Iris Tracking, which tracks the iris of a user and generates alert count.
- Implemented Web Gazer Library locally on website, that tracks iris and show gaze point on the page

Covid-19 Awareness Website, *HTML,CSS,Javascript,Bootstrap*
- As a dedicated and socially responsible web developer, I spearheaded the development of a comprehensive Covid-19 Awareness Website aimed at disseminating accurate information, promoting safety measures, and fostering community resilience during the global pandemic.

UI Design of Product Website, *Figma, UI/UX Design*
- Demonstrating a passion for user-centric design and a keen understanding of brand aesthetics, I led the Figma UI design for a Herbal Product Website, seamlessly blending creativity with functionality to enhance the user experience.

Professional Experience

UI/UX Designer Intern, *Zetpeak, Remote*   2023 Jun – 2023 Sep
- Created user interfaces & conducted user research & implemented usercentered design principles for web and mobile apps.
- Implemented user-friendly experience using Wireframing and Prototyping.
- Implemented designs accurately and troubleshoot any design-related issues during development.

Frontend Developer Intern, *AICTE and Edunet Foundation, Remote*   2023 Jun – 2023 Jul
- Collaborated with the development team to create visually appealing and user-friendly websites.
- Applied knowledge of HTML5, CSS3, and JavaScript to implement responsive and interactive web pages.

Web Development and Design Intern, *TXON Pvt. Ltd.*   2022 Nov – 2022 Dec
- Website Development: Applied knowledge of HTML5, CSS3, and JavaScript to implement responsive and interactive web pages.
- Responsive Design: Ensured that websites were responsive across various devices and screen sizes, optimizing user experience.
